AEGLE AVIATION IS AWARDED IS-BAO STAGE ONE CERTIFICATION

19 NOVEMBER 2013, HONG KONG – Aegle Aviation has been awarded IS-BAO Stage One certification after an audit carried out by the International Business Aviation Council (IBAC).

IS-BAO (International Standard for Business Aircraft Operations) is a voluntary standard introduced by IBAC, builds upon the excellent safety record already established by business aviation and based on a code of best operational and safety practices.

AEGLE Aviation’s Chief Executive Officer, Ms Joyce Kee said ‘We always place safety as our first priority. Our team is fully committed to our set of safety management systems and will continue to strive toward higher goals of implementation and strengthening our operations above international practices and standards’.

The achievement of IS-BAO Stage One is a good beginning of operating at international safety standards and Aegle Aviation will continuously raise its standards.

Note to Editors

About AEGLE Aviation

AEGLE Aviation Limited was established in 2013 with Hong Kong as its operating base.

The company offers services of aircraft management, aviation consultancy for aircraft purchase, pre-purchase and pre-delivery inspections, aircraft registration and certification, manual writing, SMS training, cabin services, efficiency plan for aircraft running and personal concierge services.

The team at AEGLE Aviation has an extensive track record in managing various corporate and airliner aircraft for high profile and high net worth individuals located in Asia, and collectively has decades of experiences in business aviation in the region.

The name AEGLE represents 'Brightness; Splendour like a Diamond' in Greek mythology, signifying the service promises that AEGLE would like to provide to its clients i.e. being prestige and unbreakable like a diamond. The investors of AEGLE Aviation believe that there is a growing need for both genuine and personalized service for private jet owners and the AEGLE Aviation team is fully committed to this goal.
