AEGLE AVIATION IS GRANTED EASA THIRD COUNTRY OPERATOR (TCO) AUTHORISATION

07 DECEMBER 2018, HONG KONG – Aegle Aviation (Aruba) N.V (“AEGLE”) is pleased to announce that it has been granted the EASA Third Country Operator (TCO) Authorisation.

With this authorisation from the European Aviation Safety Agency, which is based on the level of operational and safety performance standards, AEGLE can now operate international charter flights both in and out of the European Union countries smoothly for clients.

Ms Joyce Kee, CEO of AEGLE Aviation commented, “This authorization from EASA ensures our strong commitment to surpass the standards of operations, and provides our clients with a seamless, hassle-free travel arrangement.”

Note to Editors

About AEGLE Aviation

AEGLE Aviation Limited has been in operations for more than 5 years, providing boutique personalized service and primarily focused on safety first, to win the trust of its clients, whom treat Aegle as a partner.

AEGLE Aviation specialize in areas such as aircraft management/ operations, technical consultancy for aircraft purchase, pre-purchase and pre-delivery inspections, aircraft registration and certification, crew training & placements, cabin services.

AEGLE Aviation has an extensive track record and experience in the corporate aircraft circle, and has developed a system of aircraft management, to deliver robust, transparent, effectiveness to the clients.

AEGLE in itself, means 'Brightness; Splendour like a Diamond' in Greek mythology, signifying the 6-star diamond service promises that AEGLE gives to its clients. One of AEGLE Aviation's key investors, Aviation Industry of China (AVIC) Trust, believes the growing need for both genuine and personalized service for private jet owners and the AEGLE Aviation entire team is fully committed to this goal.
